

How to book your 3 way conference

This term we are introducing a new way of enabling parents to book their three way conferences. You will now be able to book interviews online. You'll be able to select from the available times and will receive email confirmation of your appointments.

If you do not have access to a computer, or you would like some help organising your appointments, please come to the digital classroom before school and some computers will be set up for bookings.

Here's how to book your appointments: Go to <http://www.schoolinterviews.co.nz/>

Login with the login T3CK6 in the green button on the right hand side.

Next, enter your details, including your email, and the names of your students having 3 way conferences.

You will then be asked to select the year level of each of your children and their teacher.

Next, select the appointment times that you would like. Available times are shown as blank boxes.

Finally, your appointments will be displayed and, if you entered your email address, sent straight to you. (This may come into your spam box)

If you need to make any alterations at a later date, you will be able to when you log in again.

If you're having trouble email Chris Bradbeer
