

Using your Parent/Caregiver login at Red Beach School

STEP ONE:

When you login you will get a menu down the left hand side of the page.

If you have more than one child enrolled at Red Beach School it should look like this.

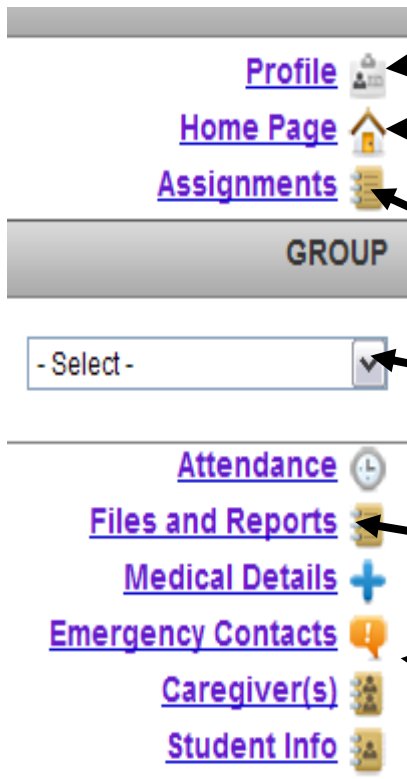

Click on -Select Child- to view one child's details at a time.

STEP TWO:

Once you have selected a child OR if you only have one child enrolled at Red Beach School the menu on the left hand side should look like the one below.

Here's how it all works...

PROFILE:

Click on this to see your child's user name and profile.

HOME PAGE:

Click here to see your child's home page. At this stage most children do not have anything on their personal home pages.

ASSIGNMENTS:

Teachers can set online class assignments here - some classes have trialled this.

SELECT:

Click the drop down menu to go to your child's class page (including homelink) and learning pages.

REPORTS:

Click here to view your child's mid term report. Once you have clicked here you will see a blue link to open a pdf file that is your child's report.

ATTENDANCE/ MEDICAL DETAILS/ EMERGENCY CONTACTS/ CAREGIVERS/STUDENT INFO

All of the information that is collected when you enrol your child is on here - only you can see this when you login so it is completely confidential. Some of these can be edited by you if you change address or phone number. This information is then automatically updated on our system.

MY CONTACTS/ CHANGE PASSWORD

Teacher contacts are here if you need them. You can change your password here too.

MY CHILDREN:

You will only see this if you have more than one child at Red Beach School. Select another child if you wish to view their individual details.
